---

After recently being diagnosed with breast cancer, Heather Gouldsmith and her family suffered the horrific loss of their 22-year-old son, Garrett, in a tragic accident this past August. For a family who would benefit greatly from the support of their community, join us for a morning of Donation-Based Fitness Classes, Silent Auction, Raffle, and Chair Massage at Saint Mary's Fitness Center with **100% of the proceeds being directly donated to the Gouldsmiths.**
